

Year 1 and 2 Homework Challenge!

We hope you enjoy completing the activities. Please take care and remember you can present them in any way you like. The date your challenges need to be returned to school is Monday 24th June.

Enjoy the Challenges!!

Make a 3D model of your favourite minibeast.

Create a fact file of the minibeast.

Go on a 'bug hunt' in your garden. How many different minibeasts can you find? Record your findings in a tally chart and then put the results on to a bar graph.

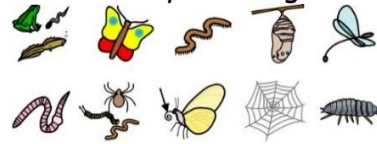

Find a minibeast in its natural habitat and draw or paint a picture of it. You could use sketching pencils, paints, crayons, felt tip pens or chalks.

Take photos of places mini beasts might like. Why do you think they might like it here?

Write or draw a story of a bug's adventure.

Write some descriptive sentences about minibeasts.

Try to use at least one adjective in every sentence and try to put a verb and an adverb in your sentence too.

Can you include a conjunction too?

E.g. The beautiful blue butterfly fluttered quickly around the small garden so it could find food.

Read and write a poem about a minibeast.

Create a shoe box animal habitat for any animal you like. What does your animal need to survive?

Read 5 books about different bugs. Can you write or draw about the books you have read?

Make a healthy snack for a Very Hungry Caterpillar.

Minibeast Café Menu

Worm and spider spaghetti 20p

Ladybird burger 12p

Slug slime soup 10p

Butterfly cakes 6p

Add together 3 different items from the list and record using a number sentence (12p + 10p + 6p). Try to buy more than one of each item and then multiply to find the total cost (4 x 10p). Repeat. Make up your own minibeast menu and record some different number sentences.

Create a life cycle of a butterfly or a frog
