

PSHCE at Moorside

National Curriculum:

PSHE education is a planned, developmental programme of learning through which pupils acquire the knowledge, understanding and skills they need to manage their lives now and in the future. As part of a whole-school approach, PSHCE education develops the qualities and attributes pupils need to thrive as individuals, family members and members of society.

Our Intent:	<i>Every child is equipped with the skills to live healthy, safe, productive, capable, responsible and balanced lives. It will encourage them to be enterprising and support them in making effective transitions, positive learning and career choices and in achieving economic wellbeing.</i>
Implementation	<p>At Moorside Primary School and Nursery we deliver the PSHCE curriculum to equip pupils with a sound understanding of risk and with the knowledge and skills necessary to make safe and informed decisions. PSHCE plays a vital part of primary education and is integral to the development of children values in order for them to become a positive citizen in a forever changing community. There are always occasions where teachers may feel it necessary to teach PSHCE as a result of an issue arisen in their own class. PSHCE is an important part of school assemblies were children’s spiritual, moral, social and cultural curiosity is stimulated, challenged and nurtured.</p> <p>PSHCE is implemented across the school through:</p> <ul style="list-style-type: none"> • Solution circles. • Assemblies. • A range of games and activities. • Through discussions around a class text. • The use of drama and role play. • Theme days. • Visitors to the school. • Spending time in the school community e.g. litter picking, trips to the Cathedral, singing at the local care homes.
Impact:	Research suggests that pupils who are emotionally healthy do better at school. PSHCE helps children at Moorside Primary School and Nursery to achieve their potential by supporting their wellbeing and tackling issues that can affect their ability to learn, such as anxiety and unhealthy relationships. PSHCE also helps pupils to develop skills and attitudes - like teamwork, communication, and resilience - that are crucial to navigating the challenges and opportunities of the modern world.
