

27th January 2020

Dear Parents,

I am writing to update you on the final phase of our building refurbishment and extension work.

This is very exciting!

The drive will be tarmacked and widened on 29th and 30th January between the hours of 9am and 3pm. You will not be able to access school via the drive during these hours.

We will receive the handover of the new extension to the building on 7th February and completion of the office areas will take place during the February half term break.

We anticipate that we will have full use of our own site, including the playground (which has been the site compound) by Tuesday 25th February, when we return after the holidays. It will take a bit of time for us to furnish and resource the new area, but we anticipate that it will be done by 28th February.

The Local Authority have been working closely with us, so that the project could be managed as quickly and efficiently as possible, to create a fantastic provision for our children. It was so unfortunate that the poor weather before Christmas impacted so greatly on the time it has taken, but we know that the completed building and facilities that we will offer will be worth the wait.

I will continue to update you as much as possible and look forward to being able to invite you all in, to visit our new and improved provision.

Thank you so very much for your patience and support over the building period – it really is appreciated. I am sure that you will join me in feeling very relieved that it is nearing completion.

Best wishes,

Mrs Rowett
Headteacher
