

KEY SUBJECT VOCABULARY		JOURNEYS	RECOMMENDED BOOKS
SCIENCE		IMPORTANT KNOWLEDGE	
<i>shelter</i>	A place to give protection from weather or danger.	SCIENCE: <ul style="list-style-type: none"> I can explain why something is living, dead or never alive. I can describe how a habitat provides food, water and shelter for the animals and plants that live there. I can name plants and animals that live in a particular habitat for example a polar bear lives in the Arctic and is suited to the habitat because they have thick fur. I can explain what a food chain is and know it starts with a plant. I can use the term herbivore, carnivore and omnivore. 	   
<i>habitat</i>	A natural home for an animal or plant.		
<i>omnivore</i>	Eats meat and plants.		
<i>herbivore</i>	Only eats plants.
