

## Year 1 and 2 Homework Challenge

We hope you enjoy completing the activities. Please take care and remember you can present them in any way you like. You can hand in your work at any point throughout the term, but the latest date is Friday 27<sup>th</sup> March 2026.

### PSHCE - Health and Well being

It is very important to keep ourselves healthy. It is extremely important to wash our hands regularly to stop the spread of germs. Can you **create** a poster to tell people how to properly wash their hands and why it is important? We could put your poster up in our handwashing area to help everyone!

### Animals

**Year 1:** Can you **draw** an animal and label its body parts? You could draw and **label** a human's body parts too!

**Year 2:** Can you **draw** pictures of different animals with their offspring? You could **label** your drawing and write the name of the animals and the special name given to its offspring. For example, a horse and its foal or a cow and a calf.

### The Ripon Hornblower

We are learning about the Ripon Hornblower. The Hornblower blows a horn in the market square in Ripon each evening at 9pm. Can you think of and **write** some questions that you would like to ask them? We can send questions to them or invite them to school to answer them! Remember your capital letters and questions marks.

### Maths and Science

Can you **make** an imaginary creature out of boxes and packaging from home. Then you could **label** your creature explaining which 3D shapes you have used such as cubes, cuboids, spheres, pyramids, cones and spheres. You could **label** the materials you have used too!

### DT - Healthy Food

It is important to eat healthy food to keep our bodies fit and active. **Write** out a favourite recipe from home to share with the class. Maybe a fruit salad or a soup?

Do you enjoy **cooking** and **preparing** food with your family at home? We would love to see some photos of your healthy creations ☺

### Book Review

January is the start of our Month of Reading Madness. Reading 20 minutes a day develops children's vocabulary, creativity and confidence. It is so important!

You can **read** an exciting adventure book, a fascinating science book or a book telling you how to make a model or a cake! Let us know what you have enjoyed reading. Bring your favourite book in and **share** with your class why you enjoyed it... You could **record** some notes to help you.

### Art/Science

Use your **drawing** or **painting** skills to draw the changing seasons. Choose or mix your colours carefully. Can you use a range of primary and secondary colours?

### Science - Materials

Your home is made of many different materials. Brick, stone, wood, glass and metal. Can you **draw** picture of your home and **label** all the different materials that have been used to make it? You could even have a go at labelling some of the properties of the materials. For example, waterproof, opaque, transparent.

### PSHCE - Being a good friend

We all need friends! Sometimes it can be hard to be a good friend and solve problems we might have. **Make** a poster with top tips about how to be a good friend to display or share in school.

### History- Influential People

In history, we are learning about important people. Is there someone you would like to **make a fact file** about? A sports person, a scientist or a musician. What can you find out about them? Where did they live? When were they born? What important thing did they do? Why are they influential?

### ICT

Can you **share** some important things you need to do to make sure you're always safe when online (phone, tablets, gaming systems, etc.) Share these important tips in any way you like.

### Being Healthy

We know it is important to keep your teeth clean. We need to brush our teeth for 2 minutes every morning and evening with a pea-sized amount of toothpaste. **Create a song or poem** to help younger children look after their teeth.
