

KEY VOCABULARY		INFLUENTIAL PEOPLE YEAR 6	RECOMMENDED BOOKS
SCIENCE - MATERIALS		IMPORTANT KNOWLEDGE (Five Finger Facts)	   
Circuit	A complete path that electricity follows so it can make things work.	<ul style="list-style-type: none">• The basic elements of an electrical circuit are called components.• Components can be represented by symbols.• A complete electrical circuit is made when all components are connected together correctly.• A flow of electricity moves from the positive terminal to the negative terminal of the cell or battery.• The flow of electricity is pushed by the cell or battery through the wires to the other components in a circuit.	
Components	Parts used to make something. In electric circuits, components are the different parts that help the circuit work.		
Cell	A small power source that provides energy for a circuit.		
Terminal	The end point of a cell or component where wires are connected.		
Battery	Made of two or more cells joined together to provide energy.		
HISTORY - ANCIENT EGYPT		IMPORTANT KNOWLEDGE (Five Finger Facts)	<u>Topic Launch</u> Ancient Egypt Launch <u>Theme Days:</u> Month of Reading Madness - Jan Safer Internet Day - 10 th Feb Tell a Fairy Tale Day - 26 th Feb World Book Day - 5 th March Science Week - 6 th - 15 th March
Irrigation	A way of bringing water to dry land so crops can grow, usually using channels, ditches or pipes.	<ul style="list-style-type: none">• Settlements were built along the Nile in Ancient Egypt to take advantage of the surrounding nutrients for farming.• Ancient Egyptian farmers used irrigation systems to channel water from the Nile to fields for farming. This impacted on the world's farming methods today• The ancient Egyptians invented one of the earliest known writing systems used from around 3000BC, called hieroglyphics.• Hieroglyphics were recorded on the first paper invented by the Ancient Egyptians made from the papyrus plant; this was then used by the Greeks and the Romans.• The Egyptians built the pyramids by hand - which are now one of the 7 Wonders of the World	
Papyrus	A plant that grew by the River Nile. The Ancient Egyptians used it to make a type of paper for writing.		
Hieroglyphics	The writing system used in Ancient Egypt, made up of pictures and symbols instead of letters.		
Civilisations	Groups of people who lived together long ago and built organised societies with their own rules, jobs, buildings and culture.		
RE - SIKH WORSHIP AND COMMUNITY		IMPORTANT KNOWLEDGE (Five Finger Facts)	
Langar	A communal kitchen attached to the gurdwara.	<ul style="list-style-type: none">• During worship at the gurdwara, Sikhs will sit on the floor (making sure, not to point their feet at the Guru Granth Sahib) and pray together, sing or read sections of the Guru Granth Sahib and give money offerings.• Just like people from other religions, Sikhs pray for different reasons: sometimes to ask God for things; sometimes to give thanks to God; sometimes to help focus their minds on God.• As well as reciting prayers and hymns from the Guru Granth Sahib, Sikhs also take time to meditate every day.• Sikhs gather together at the langar to share a meal together. This meal is free and open to everyone, regardless of their gender, colour, religion or social status.• In Sikhism, Sewa is any act of kindness shown or help given to someone else, without expecting a reward or anything in return.	
Waheguru	The Sikh name for the one God they believe in.		
Reincarnation	The belief that a soul is reborn into another body		
Mukti	A state where the cycle of reincarnation is over, and the soul can be with God.		
Gurdwara	A Sikh place of worship where the holy book, the Guru Granth Sahib, is kept.
