

Dear Mrs Rowett,

I am writing to you today on behalf of Year 5 to ask you for some items we would like for our zero carbon project as well as asking for your permission to do as follows:

Our idea is to reduce good waste for our school. How are we going to complete the project? We are going to have a bin for each Key Stage so one for EYFS, KS1, lower KS2, upper KS2 and a pack lunch bin the bins will also be clearly labelled on what to put we would like the students to put in each bin to ensure good waste will go in the correct Key Stage bin and plastic wrappers will go in the pack lunch bin. Each lunchtime their will be a small group of year 5 students to weigh each bin and clearly log it on a chart. We will add total up off each Key Stage at the end off each term and the Key Stage with the least good waste will win a prize! But for the pack lunch good waste will go in their Key Stage bin and any unopened food will go home.

The benefits off this project is that students will get a real life learning opportunity to learn about sorting and data planing. Another benefit is that we will become a greener school!

If money is needed we are ready to help! We have some fundraising ideas:

- Sponsored run/walk
- Bake Sale
- Easter eggs
- Bounce a sponsored one.

Items we need:

- 5 bins (we already have 2 in the dining hall) possibly with lids
- Compostable Bin liners
- Kitchen scales

Miss Padbury-Hunt is happy to help at the beginning. We are thinking on having a four week trial period and to try and have the project running for summer term. Thankyou for taking your time to read my letter

Yours sincerely Phoebe Needham
