

This term, your homework tasks will help you to enhance your learning about Living Things and their Environment (Science) and our local area (Geography) as well as some other areas of the curriculum. Please take care and remember you can present them in any way you like. Please remember your handwriting should be neat and cursive, just like in school!

<p>Design a plant. Will your plant have flowers or will it produce a new fruit? Be creative and remember to label it clearly so we know features it has and what it can do.</p>  <p>10 points</p>	<p>Create a Seaside picture using any form of Art you like. You could even make it into a collage ...What materials and art techniques will you use?</p>  <p>15 points</p>	<p>It's World Cup this year! Can you focus on one country in the World Cup and create a fact file about that country to tell us all about it.</p>  <p>10 points</p>	<p>Go on a walk around Ripon and take photographs or draw pictures of different aspects of our beautiful city. This could be pictures of the canal, cathedral etc</p>  <p>15 points</p>
 <p>Design and create a new habitat for a chosen animal. You can either draw it or make it! Think carefully about what your animal will need to thrive and survive. Good luck!</p> <p>15 points</p>	<p>Can you create a times tables game? You will need to make up and record the rules for your game and create resources for it. Try it at home and then bring it in to school for your friends to try.</p>  <p>15 points</p>	<p>Read another Michael Mopurgo book other than The Butterfly Lion and write a review around about it. Tell your classmates too. Would you recommend it? Why?</p>  <p>10 points</p>	<p>Create an exercise routine and label which muscles you would need to use to complete each task. You can video yourself doing this or draw neat diagrams to show which muscles are used.</p>  <p>10 points</p>
